

Randall W. Hardy, Superintendent
Charles Royer, Mayor

April 29, 1985

Mr. Phillip Ishop, General Manager
Highland Supply, Inc.
P.O. Box 3422
Humble, Texas 77388

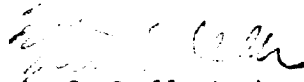

Dear Mr. Ishop:

As per your request on 24 April (Wednesday) to my staff, please find enclosed a copy of analytical results for PCB testing performed on Bunker C oil at our Lake Union Steam Plant. We are sending this data in lieu of the sample oil itself, which you had previously requested (10 April letter).

Feel free to contact Mr. Terry Kakida of my staff (Ph. 206-625-3799) with any further questions.

Thank you for your interest in this matter.

Sincerely,

Timothy C. Croll, Acting Director
Environmental Affairs Division
